HOMAGE TO OUR FOUNDER

Late Anurupa Mukherjee alias MAANI is well known as pioneer Social Activist in the State of Tripura. Her main concern was to uplift educational and economical status of the tribal women in hilly and remote areas. The concept of running coaching centre for tribal girls, dropped out in Madhyamik Examination was initiated in the State by herself only. Formation and nurturing of Self Help group for Tribal men and women was initiated by the Samity in the year 1995 for social and economic empowerment of Tribal families.

Geographical isolation of the State, lack of communication, inaccessible remoteness of tribal areas, caused a formidable hurdle to run Welfare activities , but with the help of a bunch of dedicated members and workers , the Organization forged ahead with various welfare activities under the leadership of Lt Anurupa Mukherjee. Decades of self less work for the downtrodden people of Tripura , has made her as a mother figure and many prestigious State and National level Awards were offered to her.

Inspite of her physical non existence, the members and workers of the Organisation follow her ethics and social responsibility and are continuing to serve the distressed people in need of help and care. We strongly believe that, she is always amongst us and guiding us in every action we step forward.

PREFACE

Tripura Adibashi Mahila Samity (TAMS) since its very inception in 1953 is forwarding for Human Welfare through its multifaceted activities. From running of Night school for illiterate women of Agartala slums areas ,to install solar streetlight in Coaching centre construction of Low cost sanitary latrines and Rain Water Harvesting Tanks in hilly areas, our organization has served thousands of needy families within the State. We have gathered experience to feel the necessity and demands of the local people and accordingly different projects were proposed to State and Central Govt for implementation.

It is working as the affiliated branch of All India Women`s Conference , New Delhi, a National level NGO. 3 constituent branches of the Samity ,with 160 active members are implementing various projects of AIWC like Leadership Training for Adolescent Girls, Aneamia Detection Camp for Women and children , Vocational Training ,Running Creche Centres etc..

This year , due to the Pandemic situation, our activities were also somehow disturbed. But we have concentrated on serving the poor and distressed families who have lost their jobs or whose income has decreased due to the situation. Total 506. families were distributed ration items and 75 children in Creche centres were supplied with readymade food packets upto the month of March 2021.

We are grateful to The Executive Committee members, General members, staffs for their support and sincere efforts to achieve our goals. Without support from the funding agencies, it would not be possible to continue the works smoothly. We are thankful for their trust upon us.

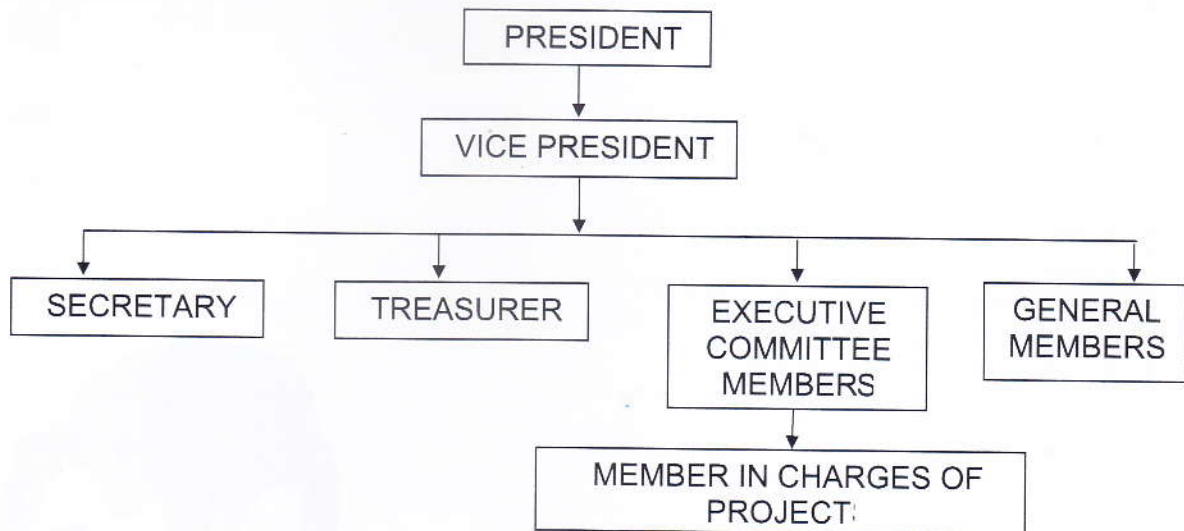

We are with the hope that, the situation will gradually come to normal and with the help and support from all our well wishers, we shall march forward to reach to the needy people to serve them.
