## HOMAGE TO OUR FOUNDER

Late Anurupa Mukherjee is well known as pioneer Social Activist in the State of Tripura. Her main concern was to uplift educational and economical status of the tribal women in hilly and remote areas. The concept of running coaching centre for tribal girls, dropped out in Madhyamik Examination was initiated in the State by herself only. Formation and nurturing of Self Help group for Tribal men and women was initiated by the Samity in the year 1995 for social and economic empowerment of Tribal families.

Decades of self less work for the down trodden people particularly the women in remote areas has made her a a mother figure. Among the tribals, she was called as 'MAANI' which means Mother. Upliftment of educational and economical status of tribal women in hilly and remote areas was her main concern.

Decades have passed since she is no more with us, but we always feel her existence in every decision we make regarding implementation of projects for the deserted, homeless, tortured woman. We also provid shelter, education food and medicine to a child who needs such amenities.

We have strong belief in our mind that, her blessings will be always with us and we will continue to follow her directions, teachings in our every steps.

## PREFACE

Tripura Adibashi Mahila Samity is continuing its services for the welfare of needy people particularly the Women and Children since last 7 decades. Starting from working in slum areas of Agartala city by opening Night school for illiterate women, the organisation gradually stepped forward in villages and remote tribal areas and started opening literacy centres and weaving units. These experiences have helped us to feel the necessity and demands of local people and proposals were submitted to the State and Central Govt for financial assistance.

'Women Empowerment' is our main concern and we believe that without education no empowerment can be achieved and similarly, without economic empowerment, women remain suppressed in the family and she has no voice in decision making. In educational sector, we have implemented or implementing various projects like Back to school project for school drop outs, Non Formal Education centres in tribal areas, Residential Coaching centres for unsuccessful tribal girls in Madhyamik Exam, Secondary level Residential School for tribal girls etc. For economic empowerment, different vocational trainings have been organized by the Samity at Govt or Non Govt level. Hundreds of village women or unemployed ladies have started their own Tailoring shops, beauty parlour, fast food shops, working as care taker for Sr citizens or child.

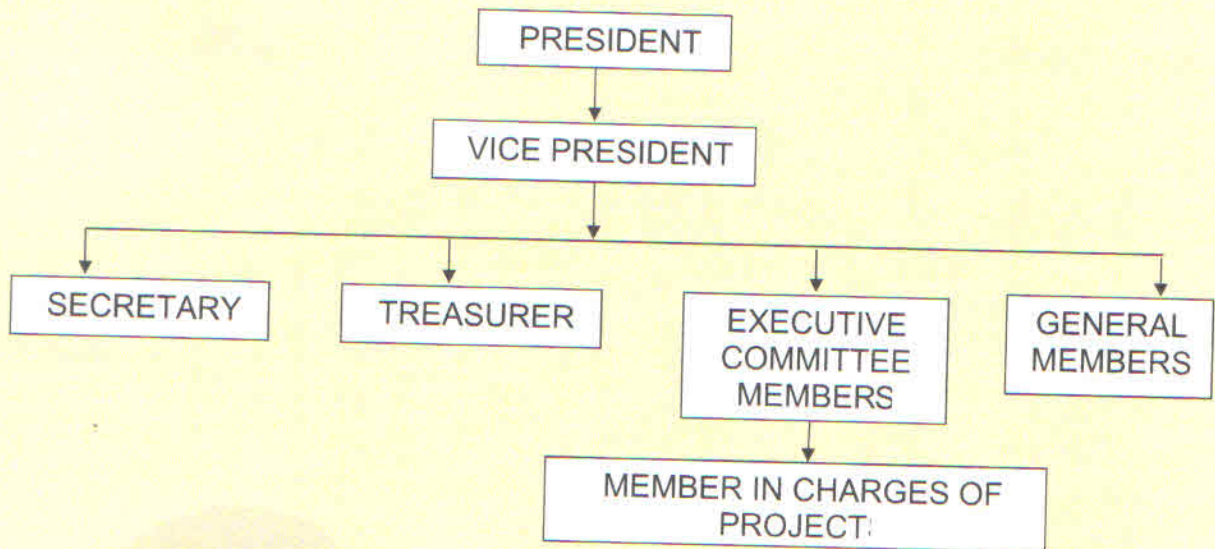

Through the entire journey, we have been supported by all our Executive Committee members, General members, field staffs, teachers, SHG members, Trainers and trainees, guardians and we sincerely express our gratitude to them. We have strong believe that in future also they will support us and help us to march forward to achieve our goal of serving the needy women and children.
